**Request for Internship Space for First Year Biomedical Science Students**

We write to solicit your assistance for internship space for \_\_\_\_\_ a first year Biomedical Science student in the Microbiology units and in the community. This is aimed at enabling the student to acquire clinical experience, integrating classroom theory with practice. This exercise is expected to last ten weeks starting from the 29<sup>th</sup> of July 2024 and will end on the 4<sup>th</sup> of October 2024. The student is expected to spend six weeks in the Microbiology units and four weeks in community healthcare.

The Objectives and Evaluation Form have been attached. Kindly fill the Evaluation Form and return to us in a sealed envelope.

Once more thank you in advance for your wonderful collaboration.

  
Elvis A. Akomoneh, PhD
